## TEXAS AND OKLAHOMA KU KLUX PROBED

### WIZARD TO SWEEP KLANS OF STATES

Offenders of Law and Order Will be Brought to Account.

(By the Associated Press)  
ATLANTA, July 22.—Aroused by the press reports of recent lawlessness in Texas and Oklahoma, which is being exploited by enemies of the Ku Klux Klan throughout the nation, Colonel William Joseph Simmons, Imperial Wizard of the Knights of the Ku Klux Klan, has ordered a sweeping investigation into the activities of the Ku Klux Klan in Texas and Oklahoma and is putting approximately thirty men of the department of investigation of the organization on the job in the two states.

In discussing the matter Colonel Simmons says "The Knights of the Ku Klux Klan do not stand for or encourage lawlessness of any kind, but on the contrary the order is designed to strengthen and uphold the law and to make the machinery of the law so strong that the evil doer cannot live in peace and security in any community. If any members or branch organization of this body in Texas or Oklahoma have conceived any other idea in regard to this organization and have performed lawless deeds under a misapprehension of the constitution and by-laws of this order, they will be severely dealt with by the organization. We stand for the purity of the country but we also stand for the honor and integrity of the law and law enforcement officers of the city, state and government. I cannot believe that the Ku Klux Klan of Texas and Oklahoma have been guilty of the deeds charged against the organization in the public prints but I rather believe that there is some force at work in Texas and Oklahoma attempting to shield their crime under the cloak of the Ku Klux Klan.

Evidence is asked  
"I appeal to all civil and federal authorities to submit to me any tangible evidences which they may have going to show that the Ku Klux Klan of Texas and Oklahoma have been guilty of lawless acts in order that I may get to the bottom of the whole situation and purify the organization in Texas and Oklahoma of the charges made against the organization through the public prints.

"I am determined that this organization shall be what its founders intended, namely, an organization co-operating with and upholding the majesty and supremacy of the law and before it shall be anything else. I will revoke every charter of the organization in America, banish every member, and burn all of the costumes and paraphernalia of the organization and as its founder and head, destroy the child of my own handiwork, and furnish to all of the officers of the law a list of membership in each local community in order that they may watch the conduct and acts of each member of the organization. In verification and proof of the sincerity of this statement I last week suspended the charter of Pensacola, Florida, and revoked the charter of Mobile, Alabama.

"We are making complete and searching investigations to ascertain the real facts regarding the acts charged against our organization in these two places and if they are sufficiently serious to so justify and it be found that our organization is involved, I intend to furnish a list of the membership in that community. The offenses at both of these places were minor, but I do not intend to allow even minor offenses against the law of the land.

Is Patriotic Order  
"The Knights of the Ku Klux Klan has been organized not to tear down but to strengthen the arm of the law in America and to clarify and preserve certain fundamental principles, the same being an absolute adoration single hearted of the Stars and Stripes and the constitution of America, the perpetual reign, political and social, of the native born white man in America under which rule all peoples have received their largest degree of freedom and justice, the assurance of a perpetual separation of church and state in America, and the rebuilding of the old spirit of worship and sanctity concerning the American home in the face of these great objects and purposes to which every real American should and does subscribe.

"It is ridiculous for anyone to imagine that I, as Imperial Wizard, would allow this organization to degenerate into a lawless institution of any kind. We are increasing at the present time above five thousand.

### Court Will Decide If Governor Len Small Can Fight an Arrest On Charge of Embezzling Funds

(By the Associated Press)  
SPRINGFIELD, Ill., July 22.—Whether Governor Len Small, indicted by a Sangamon county grand jury for the embezzlement of interest of state funds while state treasurer, is immune from arrest is to be decided by E. S. Smith of the Sangamon county circuit court today.

Governor Small's attorneys advised him to resist arrest on the grounds that he would be violating the constitution and betraying the people by submitting.

As the argument began Governor Small from his office issued the following statement:

"When Attorney General Brundage succeeded in securing from the Sangamon county grand jury his indictment against me, my first im-

### FRENCH ALARMED AT ANGLO ISSUE

Break With England Yet Considered Imminent in Paris.

(By the Associated Press)  
PARIS, July 22.—The Anglo-French controversy which has arisen over the demand by France that allied reinforcements be sent to Upper Silesia, is still regarded by the French press in the light of a crisis. While the British reply to Premier Briand's proposal that the supreme council meet July 28 to discuss the matter has not yet been received, press dispatches from London to the effect that Prime Minister Lloyd George refuses to alter his position against sending the reinforcements are prominently displayed in the Paris newspapers this morning.

It is understood that Premier Briand, after a meeting of his ministers today, will reiterate to President Millerand his position and insist upon the necessity of sending additional troops.

### BULLOCK TO SEEK BOND FOR CLIENT

Attorney Will Carry Case to Criminal Court of Appeals for Bail.

A. L. Bullock, attorney who represented Jim Good in his preliminary hearing yesterday before Justice of the Peace H. J. Brown on a charge of murdering George Martin at Roff last May, will carry the case to the criminal court of appeals in an effort to obtain bond for the defendant, he declared at the conclusion of the hearing yesterday.

Bullock asked for a transcript of the testimony in the case and will present this in his appeal for bail, he said today. A typewritten copy of all testimony in the cases of the three men charged with the murder was being made this morning. Bullock represented only Good in the hearing. When both the state and the defense rested in the case, Bullock challenged the state to argue the case and centered his efforts on an attempt to show that Jim Good was not connected with the alleged conspiracy to kill Martin.

John Crawford, local attorney of the firm of King & Crawford, represented Obie Dyer and Dick Chapman in the preliminary. Frank McClintock, also held for the district court on a charge of killing Martin, was denied the right to bail by the criminal court of appeals.

John Crawford, attorney for Obie Dyer and Dick Chapman, announced this afternoon that he would carry these cases to the criminal court of appeals also in an effort to get bail. This will be done as soon as records of the case are written, he said.

Advertising is the pep in business. It saves interest, labor, and makes possible cheap selling. Get prices from any store that advertises and from one which does not. Nine cases out of ten the one which advertises will sell goods cheaper.

### Worthless Currency Is Flooding Europe Burleson Announces

(By the Associated Press)  
BERLIN, July 22.—A. S. Burleson, former United States Postmaster general, who has returned to Berlin to investigate the commercial, industrial and financial conditions of the central Europe, announced today that such a flood of worthless currency is being poured into Europe that it is impossible to estimate the damage to the economies of the countries of Central Europe. He said that the political air of the capitulations until Germany and other Friday was agitated with arguments over possibilities. These ranged from the question of who would arrange to discontinue the issue of paper money and to retire the currency until its volume is reduced to the point where it is no longer a menace to the economies of the countries of Central Europe.

"I can't see any indication that the statesmen of Central Europe are trying to formulate plans which get to the fundamental problems and might insure the resumption of the export trade," said Mr. Burleson. "It is not reasonable to talk about foreign loans to Central Europe as long as the printing presses continue to pour out paper money without any gold guarantee or any prospect that it will be retired."

"Germany is in far better condition than the other countries of Central Europe," he said.

### WORLD CLUB NOW PLAN OF MASONS

High Twelve International Society Organized on Rotary Idea.

(By the Associated Press)  
SIOUX CITY, Iowa, July 21.—A new international Masonic club has been born in Sioux City. It is known as the High Twelve International. E. C. Wolcott is president and William M. Morheiser is secretary. Headquarters of the new organization are to be maintained in Sioux City.

The High Twelve International was created by a special committee of the Sioux City High Twelve club. The purpose of the club is to give the same opportunity to the younger Masons as is afforded by such organizations as the Rotary, the Kiwanis and the Lion luncheon clubs, although membership in the club is limited to Masons.

Secretary Morheiser says, "The purpose of the International is to unite all members of Masonry in the happy bonds of a social hour, and that thereby they may inform themselves in the truths of Masonry to inspire, to encourage and expand these virtues which will aid in the upholding of the principles of good government, in the advance of education, in the upbuilding of its membership, in honorable and successful living and in the promotion of social fellowship."

Membership in the International will be limited to cities having two or more blue lodges and a population of 25,000 and upward, and will be for groups of business, professional and industrial men organized in local High Twelve clubs. The number of charter members required to organize a local High Twelve club will be determined by the International, and will be based upon the various factors of the particular city where the club is to be organized. Memberships in the local club will consist only of those men who have three or more degrees in Masonry and are in good standing at the time application is made.

Mr. Morheiser said that while the club is not an official Masonic organization yet, it is composed of men who are bound together by the ties of Masonry.

Forty-eight property owners who live along Rennie avenue from 12th street south to the city limits met last night at the home of L. A. Braly, 15th and Rennie, and let a contract to Alderman, Davis, and Martin construction company for the grading of the entire stretch. The job will represent an investment of about \$4,500 and will cover six blocks.

### FINES SUMMARY ANNOUNCED FOR COURT SESSION

A summary of convictions, fines, and sentences in the July session of the county court was announced this morning by Court Clerk L. E. Franklin. A big majority of cases on the county and city appeal docket were either dismissed or continued to the October session of the court, the record shows.

Walter Winters was given a sentence of 30 days in the county jail and a fine of \$50 on a charge of transporting liquor. Will Chance was found guilty on a charge of unlawful possession and fined \$50 with a sentence of 30 days.

In another case on the city appeal docket, Chance was fined \$4 and costs on a charge of illegal possession. T. J. Minners of Roff was fined \$50 and given 30 days on an unlawful possession charge. On the city appeal docket eight men, Clyde Edwards, Walter Brown, Joe Ross, Dave Kelly, Robert Flowers, Ed Price, Will Sanders, and C. D. Pate were fined \$4 and costs each on a charge of loitering, according to the court clerk's record.

### REASON Our Entire Stock Is on Hand

RENNIE MEN WILL  
GRAVEL 6 BLOCKS

Contract for \$4,500 Is Let  
for Improvement of  
Avenue.

Forty-eight property owners who live along Rennie avenue from 12th street south to the city limits met last night at the home of L. A. Braly, 15th and Rennie, and let a contract to Alderman, Davis, and Martin construction company for the grading of the entire stretch. The job will represent an investment of about \$4,500 and will cover six blocks.

A governing committee consisting of L. A. Braly, J. A. Biles and J. C. Hinds was appointed to have direction of expenditures. Property owners along Rennie avenue will push preparations for work as rapidly as possible and the grading of Rennie for the laying of gravel is expected to start August 1, it was announced today. C. A. Galbraith will be legal adviser for property owners in the grading project and work will be carried on under the direction of the city engineer in full co-operation with the city, it is understood.

### TULSA CHIEF IS WINNER OF LAST POINT IN TRIAL

(By the Associated Press)  
TULSA, July 22.—Contentions of the defense were sustained by District Judge Cole in his instructions to the jury this morning in the case of John A. Gustafson, suspended chief of police on trial for removal, by which is meant bad or evil purpose or inexcusable carelessness, must be shown by the prosecution to constitute grounds for removal.

He also sustained the contention of the defense that the chief cannot be held responsible for actions of subordinates in handling of the race riot unless done in his presence and at his direction.

The jury was told that a decision reached by nine men stood as a jury verdict.

The instructions were immediately followed by arguments in which Mrs. Katherine Van Leuven, assistant attorney general, opened for the state. The case is expected to be in the hands of the jury late this afternoon.

For two bits the News can rent a house for you. For a dollar it can sell a farm. For five dollars it can get you anything or sell anything. Try it.

### Fifty Million Bushel Wheat Crop To Be Produced In Oklahoma Says President of Agriculture Board

(By the Associated Press)  
OKLAHOMA CITY, July 22.—Fifty million bushels is the estimate of Oklahoma's winter wheat crop, according to J. A. Whitehurst, president of the state board of agriculture, in a statement Thursday night. The probable average acre yield will be fourteen bushels on the area harvested, Whitehurst said.

An estimate issued by the board of agriculture in June was that the Oklahoma crop of wheat would amount to 26,000,000 bushels. The 1921 crop is estimated at 4,000,000 bushels more than the yield of 1920 which was 46,240,000 bushels and was 40,000 less than the yield of 1919, which was 50,040,000 bushels.

According to the price of spot wheat in Oklahoma City Thursday, which was \$1 a bushel, a loss of \$2,000,000 in the wheat crop will be shown over that of 1920, and the entire yield will bring less than half what the 1919 crop brought. The wheat crop of 1919 sold for \$110,782,000 while the estimate for the 1921 crop is \$50,000,000. The wheat yield in 1907 which was the statehood year of Oklahoma, sold for \$7,164,000, which is only one-seventh of the estimate for 1921, or about one-fifteenth of the returns for the crop of 1919.

The estimated acreage of the crop of 1921 shows an increase of 680,000 acres over that of 1920, or approximately the same as that of 1919, which was 3,860,000 acres. Oklahoma holds first place in the increase in acreage and yield an acre of wheat during the last ten years, according to Whitehurst.

### CHILDREN TO GET BANKING INSIGHT

American Financiers Will  
Carry Methods to  
Schoolroom.

(By the Associated Press)  
MINNEAPOLIS, Minn., July 22.—Plans of the American Bankers' association to dispel mystery about banking in the public thought by taking the bank to the public school this fall were outlined to the American Institute of Banking here today by John H. Puelicher of Milwaukee. Mr. Puelicher is chairman of the association's committee on public education.

By showing that they occupy a useful place in society, the bankers hope to cut the foundation from under a radicalism that thrives on ignorance of the services of the banking business he said.

"Ten lectures on banking have been carefully prepared, one for each month of the school year, starting with next September," Mr. Puelicher related. "The banker nearest the school is to deliver the lectures to the Seventh and Eighth grades of the common school, to the high school and the college. He will simply refer to the outlines for ideas and background, localizing the story, using illustrations and incidents familiar to the children."

"He will show them specifically what banking is, telling them about its origin and its purpose in our commercial scheme. Then, after two or three visits, the banker will invite the school children to the bank and permit them to visualize that which has been talked about."

"The lecture outlines have been sent to the superintendents of public instruction of all of our states and to many others in the teaching profession. Scores of letters have been received from educators approving the plan and promising active co-operation."

### HALF MILLION IS COST FOR IDLING

Building Industry Heavy  
Loser Through Year's  
Unemployment.

(By the Associated Press)  
NEW YORK, July 22.—Over half a million dollars in wages is being lost in the building industry through unemployment declares the report made public today by the committee on elimination of waste in industry of the American Engineers' council.

The committee appointed by Herbert Hoover, when he was president of the council, asserted that lack of work was the outstanding fact in this industry, whose critical condition is attributed, primarily, to the high cost of construction.

The report said that waste was caused by huge losses in building which, including all trades and common labor, ranks second among the industries and contributes more than three billion dollars yearly to the wealth of the nation.

The chief sources of waste in industry were, according to the report, irregular employment, inefficient management, and wasteful labor regulations. Customs or conditions prevailing throughout the industry and poorly designed plans were given second among the causes.

Union Rules Condemned.  
Many union rules were condemned as "absolutely wrong," and both employers and employees were blamed for restriction of output.

### De Valera and Cabinet Go Back to Capital With Proposal.

(By the Associated Press)  
LONDON, July 22.—The center of interest in Irish affairs was transferred to Dublin today, with the departure of Eamonn De Valera and his cabinet for the seat of their government.

The Irish leader took with him a document received yesterday from the hands of David Lloyd-George, setting forth a definite proposal by the British government for the settlement of the Irish problem.

The Irish leader appeared to be in a cheerful frame of mind as he emerged from the conference with the British premier yesterday although an agreed communique issued after the meeting said that "no basis for a formal conference has yet been found."

In this connection it is authoritatively stated that the true intention will continue for an indefinite period, this convincing the most skeptical that the factions are still far from being discouraged.

### LINSCHIED WARM IN THANKS, NOTE

President of Normal Is  
Grateful to Many Who  
Helped School.

A letter of thanks to the Ada Chamber of Commerce, citizens of the town, and all organizations or influences that helped to make the summer session of East Central Normal a success was issued today by President A. Linschied as the session came to a close at noon.

Following is the statement: "As the summer session of the East Central Normal school comes to a close, it is a matter of gratification to the regular members of the faculty to be able to say that the session as a whole has been entirely satisfactory. There has been very little in the way of annoyance or friction. There has been a spirit of absolute harmony, and a very high order of work has been accomplished. To the students who are leaving Ada for their homes the East Central State Normal school is grateful for their good deportment, their attention to duty, and their zeal and energy in seeking to improve their professional standing. East Central is glad to have had these students here during the summer, and extends to them a cordial invitation to return here as students or visitors. Should the occasion arise when the Institution might be of assistance to these students, East Central will be eager to go to the extent of her resources in lending a helping hand.

"The Normal school desires also to say a word of appreciation of the good work done by the special instructors who have assisted during the summer term. These people, who came from various parts of the district, at all times showed a desire to help the students and to cultivate a spirit of co-operation between the Normal school and the school people of the district in general. Finally, the Normal school desires to express its appreciation of the cordial support which it has received at the hands of the business men and the citizenship of Ada in general. It is through the efforts of the people of Ada that the Normal school has been permitted to grow.

"Personally, I wish to thank the Chamber of Commerce for its wholehearted help, especially for its enabling us to carry on a campaign of publicity during the next school year.

"To each individual and organization which has been instrumental in adding to the effectiveness of our work, I wish to express my most sincere appreciation and my heartfelt thanks.

Sincerely,  
A. LINSCHIED, President.

### 186 INDICTMENTS RE- TURNED IN BANK CASE

TUSCOLA, Ill., July 22.—One hundred and eighty-six indictments were returned today by the Douglas county grand jury against officials of the Arcola State Bank, which failed recently. The grand jury report stated that the shortage in the bank's accounts totaled \$546,000.

### MEALS IS APPOINTED ON SHIPPING CLAIMS

### Worthless Currency Is Flooding Europe Burleson Announces

(By the Associated Press)  
BERLIN, July 22.—A. S. Burleson, former United States Postmaster General, who has returned to Berlin after investigating the commercial, industrial and financial conditions of Poland, Austria and Czechoslovakia is of the opinion that there is little hope of selling Europe large quantities of cotton and other raw materials until Germany and other countries of Central Europe balance their budgets and make definite arrangements to discontinue the issuance of paper money and to retire that currency until its volume is only three times that of their gold reserves.  
"I can't see any indication that the statesmen of Central Europe are facing their problems frankly and trying to formulate plans which get at the fundamental problems and might insure the resumption of the industries and the renewal of the export trade," said Mr. Burleson.  
"It is not reasonable to talk about foreign loans to Central Europe as long as the printing presses continue to pour out paper money without any gold guarantee or any prospect that it will be retired.  
"Germany is in far better con-

COUNTY ESTIMATE IS  
MADE UP THIS WEEK

Estimates for construction purposes head the list in the annual county estimate sheet prepared this week and submitted to the excise board by county commissioners in

connection with the annual financial statement for the past fiscal year.

A total of sixty-five thousand dollars has been assigned to this department. A summary of other estimates submitted by the commissioners includes executive, \$21,076; administrative, \$27,089.96; judicial, \$19,584.96; regulative, \$4,132; charitable, \$9,700; general government, \$6,545; and agriculture, \$5,460. Preparations of the annual estimate sheet was the biggest routine job confronting the commissioners when the new board went into its first session this week independent of the old board.

A complete report of the commissioners' estimates and the annual financial statement of receipts and expenditures for the year, as compiled by County Clerk R. H. Erwin, will be given official publication next week. Members of the new board of county commissioners are J. I. Laughlin, chairman; W. H. Brents and H. C. Stephens.

Local Boy Injured  
When Cars Connect  
at Small Junction

General High, 16 year old son of Mrs. A. M. High, of 327 West Tenth street, had his foot badly mashed in the coupling between freight cars on the Frisco at White Oak, a small town between Tulsa and Vinita yesterday, and was brought home on the midnight train last night.

He was walking between the cars when his foot slipped down into the coupling. A switch engine connected with the string of cars at the same moment and the boy's foot was badly ground. Railway officials rushed him to Vinita where medical attention was given and the boy was brought home immediately. He was resting well at his home this morning.

Better be safe than sorry. Advertise in the News Want Ad columns. Quite an idea, eh?

FUNERAL FOR LOCAL  
SOLDIER NEXT WEEK

Charles W. Cottingham

Funeral services of Private Charles W. Cottingham, the first Pontotoc county boy killed in the war to be sent to Ada for burial, is scheduled to reach here early next week. He is the son of J. D. Cottingham, who lived at Stonehill during the war but who lives in Ada now. The local post of the American Legion will have charge of the funeral.

Although definite arrangements have not been announced for the funeral, it probably will be held with full military ceremonies and the body laid to rest in Rosedale cemetery.

## NORMAL NOTES

Mrs. Ruth Carter will make a trip to Oklahoma City tomorrow in the interests of the Normal.

Off on Vacations. According to President Linscheid, practically all of the regular faculty members of the Normal will leave shortly for vacations. Mr. and Mrs. Robinson will go to Ohio; Mr. Davis to Mississippi; W. K. Newcomb to Missouri; Miss McClure is already in Kentucky and others will leave Ada for a time before the opening of the regular fall term.

Miss Carney Resigns. Miss Alberta Carney, who had been assistant in the English department at the Normal, has resigned to become head of the department of English in the Chickasha high school. Her work here has been so satisfactory, according to Mr. Linscheid, that everyone, both faculty and students, regret very much that she is leaving.

Normal Gets Publicity. Mr. Linscheid reports that nearly all of the student body of the summer term have handed in names of friends to whom they desire that the East Centralite be sent. In this way the institution will be well advertised all over the district.

Books in Good Shape. The state examiner and inspector was here recently and after a half-way examination of the books of the Normal declared they were in excellent condition. When asked by Mr. Linscheid if there were any improvements or suggestions, the inspector replied there were none.

Nelson to Tour County. Mr. Nelson of the rural education department, is planning a tour of the county immediately after the county examinations next week. He will probably accompany A. Floyd, county superintendent, part of the time. He will visit all the schools of the county and get a general idea of the needs and conditions of the schools.

A Program Reader. Next week the American theater will have an attraction extraordinary in offering such as few motion picture theaters ever offer. It is "Passion," the first National super-drama with the brilliant Continental star, Pola Negri, in the stellar role. "Passion" unfolds a thrilling story of the rise of a humble little French milliner to a position where she is able to dominate a king. She is a character replete, with a strange mixture of virtues and faults, but, above all, she possesses irresistible wiles and smiles, such as easily ensnared men of the highest rank. But her great triumphs prove to be her great undoing in the end and the sequence of events through which she passes in her rise and fall combine to make one of the most appealing and most sensationally engrossing narratives the screen has yet visualized. It is a foregone conclusion that an unusual treat is in store for every patron of this theater in witnessing this great photoplay spectacle.

"Passion" will be shown three days commencing Tuesday.

Worthless Currency  
Is Flooding Europe  
Burlison Announces

(By the Associated Press)

BERLIN, July 22.—A. S. Burlison, former United States Postmaster General, who has returned to Berlin after investigating the commercial, industrial and financial conditions of Poland, Austria and Czechoslovakia is of the opinion that there is little hope of selling Europe large quantities of cotton and other raw materials until Germany and other countries of Central Europe balance their budgets and make definite arrangements to discontinue the issuance of paper money and to retire that currency until its volume is only three times that of their gold reserves.

"I can't see any indication that the statesmen of Central Europe are facing their problems frankly and trying to formulate plans which get at the fundamental problems and might insure the resumption of the industries and the renewal of the export trade," said Mr. Burlison.

"It is not reasonable to talk about foreign loans to Central Europe as long as the printing presses continue to pour out paper money without any gold guarantee or any prospect that it will be retired."

"Germany is in far better con-

dition than the other countries of Central Europe, and I personally believe Germany could improve its exchange situation very speedily if it would stop issuing paper money and levy a tax over a period of 10 years to guarantee its retirement and the creation of a larger gold reserve. Foreign bankers want to see definite plans before they take a chance on the countries of Central Europe."

MAN IS RELEASED  
ON FORGERY COUNT

C. H. Whittington, of Francis, was found not guilty yesterday by Justice of the Peace W. H. Fisher on a charge of forgery. He has been under bond of \$250 for some time.

14  
Selling  
Days

## Reasons for This Sale

We realized several weeks ago it was either cancel some of the season's orders or sell the goods. We have taken the best course and that is to sell the goods, right in the heart of the season, when merchandise should bring big profits, but we are going to sell the goods at prices that will move them and move them in a hurry. The people of this county know that what we advertise we have, and what we say, we do; let us impress upon your mind now as never before that this is the greatest of all efforts we have put forth in an event of this kind—now if you want to see great crowds and see real values without parallel, be here when Harris swings back the flood-gates of real prosperity. Not wanting profits—we want new customers—Let prices be your guide.

Our Entire Stock,  
Large as It is

You will not find any Undesirable or damaged merchandise. Everything is fresh and up-to-the-minute. We are preparing some big surprises for you in the Great Sale. Our pledge to uphold our motto of "Quality at a Cheaper Price," without exaggerating enables us to say that we have received many statements to the effect that this motto has greatly reduced the cost of living, and we propose to continue our pledge.

Our Shoe  
Department

We have as good assortment of shoes for the Whole Family from the tiny baby's shoe to the largest Man's Shoe. New Styles and Marked at Prices you can't Afford not to investigate—new Goods are arriving every day and these will be put on Sale at Sale Prices.

Ladies' and Misses  
READY-TO-WEAR

We realize the futility of an attempt to put in words of description of this department and shall desist from laying an unnecessary stress upon you by attempting to itemize these values. We want every person who wants to be well dressed and who for the slightest intention to economize, to investigate this most unusual proposition. These are potent arguments to use to bring you to our store, aren't they? But we can't be too emphatic. Come here expecting to find the best values ever offered; you won't be disappointed; your expectations will be far exceeded in every instance.

Everything Going at Sale Prices  
NOTHING  
RESERVED

HARRIS SALES SYSTEM  
of DALLAS, TEXAS  
IN CHARGE OF SALE

We have turned our complete stock over to these people, to arrange and open the best and most appreciated sale that this country has ever known. These people come well recommended by the big wholesale people of Texas and one of their managers will be here seeing that this sale is put over on the "Big Time Way" and that prices are reduced to the lowest possible dollar.

## Time and Space

Will not permit us to mention prices and if we did it would take you hours to read them—come see with your own eyes and be convinced.

If you don't attend—you might as well consider that you lost money—money that you could have saved by buying your needs here.

## TO CURE PELLAGRA

A small piece of news hidden away on an inconspicuous place in most newspapers a few days ago gives food for serious thought. This dispatch attributes the revival of pellagra in the South to the low price of cotton, necessitating going back to salt bacon and cornbread by the rank and file of southern people.

Granting that there is a relation between pellagra and poor living, what can the south do to correct the evil? We must adopt new methods in order that we may not be dependent upon a good price for cotton for our wealth.

It does not take great wealth to make comfortable living. A small margin between necessities and income is sufficient to keep a family comfortable and happy, provided the income is reasonably certain and fairly regular. A person can adapt himself to a \$15 a week income or a \$100 a week income with about the same degree of happiness, provided he will do it. The trouble is that when for a year or two he gets \$100 a week and then must go back to the \$15 basis, his entire mode of living is "shot to pieces" and the change is difficult.

What the South needs, then, is not necessarily more money but a more equitable distribution of what we get. Instead of getting 10 cents for cotton one year and 15 cents the next year, if we could get 12 1-2 cents each year, we could live much better.

We should adopt methods that will cause the price to be as nearly the same as possible from year to year. To do this we must not make too large crops and must feed it to the markets with some regularity throughout the twelve months, instead of dumping it on the market all at one time. It is true this change cannot be made over night and the present marketing plans should not be interfered with until we are certain we have something better.

Another way of getting the same results is to grow the food at home. We appreciate the fact that this is a day of specialists. One man can grow cotton better than he can grow any other crop. Others can grow hogs or cattle or peanuts or corn better than his neighbors. But in spite of this, some arrangements should be made whereby each community in the South will grow the foods that community generally needs, so far as these foods can be grown.

A variety of crops is not only advisable from a health and wealth standpoint of view, but it is an absolute necessity under the existing high freight rates. Possibly one could not grow hogs in a given territory profitably five years ago, because the meat could be produced in the corn belts, shipped in and sold for less money than a local man could grow the hogs and cure the products. With high freight rates this has all changed. In competition with the corn belt, cattle and hog men, the farmers of the South will find themselves provided freight rates are not lowered, in a better position than they have ever been.

The poor hillside of old New England are to be put to use as grazing lands. These hillside were left uncultivated and unused a few years ago when the great prairie lands were opened up and the herds of white faces sprang into existence. But now the freight on the western cattle is so high that the New England farmers believe they can grow cattle at a profit. If it can be produced at a profit in old New England, it can certainly be grown at a profit in the South.

The financial world has had a great upheaval in the last twelve months. It is now settling down to a steady grind again. As we come out of the shake-up, we are going to find that the old system of each community producing its needs first and its money crops second is still advisable. Whether some other means of cheap transportation will again destroy the old system we know not, but our belief is that it will not.

A greater South with better health and greater wealth is to come through better farming, more manufacturing plants and better marketing methods.

The Ada ball club is winning games and deserves the support of the city. Games are played in the week as well as on Sunday. If you object to going on Sunday, we suggest that you attend those played during the week. Manager Sparks has collected a team of genuine baseball players.

Sulphur is working for a new \$250,000 hotel. We are for you, Sulphur, go to it. If the citizens of Sulphur, all of Sulphur, will get together and work for the one purpose of building up a health resort for both summer and winter, our neighboring city will grow rapidly.

It is reported that 30,000 horses in the East are to be killed as there is no need for them. So far as that is concerned, there are 30,000,000 Bolsheviks in Russia there is no need for.

## HE WAS PROPPED-UP IN BED ON PILLOWS

"Yes, it's a fact, I had to quit work on account of my ill health, but I am back on the job feeling years younger," said Phillip S. Clymer, 1715 North Hudson Ave., Oklahoma City, Okla.

"I don't believe any human being ever suffered any more from stomach trouble than I did, as my life for years was just one long misery. Everything I ate soured and bloated me up and my back and sides hurt day and night. I couldn't get any sleep unless I was propped up in bed with pillows, and then could only doze off from time to time. I couldn't take a long breath without having to catch my side, and the least exertion would make me gasp for breath. I lost flesh until I was almost a walking skeleton and my skin was as yellow as a pumpkin."

"Well, sir, a thousand dollars wouldn't begin to pay for the good I calculate Tanlac did me. I got new strength and energy from every dose, soon had a dandy appetite and my stomach was in first class condition. I gained twelve pounds in weight, too, and went back to the old job feeling better than in years. Why, people, I know stop me on the street now and ask me what I have been doing to make such a big change for the better and I lose no time in telling them it was Tanlac. I certainly am a firm believer in it."

Tanlac is sold in Ada by M. A. Waits and by leading druggists everywhere.

## DEMPSEY IS MENTIONED IN SUIT FOR DIVORCE

(By the Associated Press)

PAWHUSKA, July 22.—Hearing of the suit for divorce brought by J. R. Boulanger, wealthy Osage Indian, in which he names as co-respondent "one Jack Dempsey of Los Angeles," probably will start late today in the district court here. Mrs. Boulanger, according to her husband's petition, maintained a "clandestine correspondence" with the alleged co-respondent under an assumed name. Jack Dempsey has denied ever having known Mrs. Boulanger.

## GUTHRIE PLANT ASKED WHY RATES ARE HIGH

OKLAHOMA CITY, July 22.—The Ruemell-Braun ice company of Guthrie was ordered by the state corporation commission today to appear before it August 2 to show why its prevailing price of ice should not be reduced. The order becomes ineffective if the ice company voluntarily reduces the price before the time set.

## McAlester Party Injured.

(By the Associated Press)

GAINESVILLE, Tex., July 22.—Senator Ed Hill, of McAlester, his wife, two nieces and a nephew were injured shortly after last midnight when an automobile driven by the senator overturned. The party was picked up later and brought here for treatment.

## MUST RETURN ALL GRAIN CARS WHEN UNLOADED

OKLAHOMA CITY, July 22.—All grain cars taken out of Oklahoma will be immediately returned when unloaded, the interstate commerce commission informed the corporation commission today. The complete communication was in reply to a request made by the commission for 200 cars daily. Campbell Russell, chairman, characterized the condition in the Oklahoma wheat section as "desperate."

Do you have a lot for sale, a house, an automobile, a cow, horse or anything else that somebody else wants? The quickest, cheapest and most satisfactory way to dispose of this is by using a "for sale" ad in the Ada Evening News.

## Pie Eaters Return to Old Habits Now That War Is Ended

OKLAHOMA CITY, July 22.—Pie eating is rapidly getting back to normalcy.

Pie consumption in Oklahoma City has increased thirty percent since January 1, this year, according

## MODERN FABLE OF THE HUNGRY WOLF AND THE FAT TURKEY

"The Russian people are animated by brotherly sentiments toward Turkey—they do not covet Constantinople," says the new Russian Bolshevik ambassador to Turkey.

to the opinion of a majority of bakers. During the war, pies were not purchased in nearly so large quantities as before, presumably because so many pie eaters were in the army the bakers said.

Bakers when questioned as to the truth of recent reports that pie eating was being taken rapidly by persons who formerly indulged in a little light liquor merely shrugged their shoulders. "See the restaurant men," they said.

The restaurant men answered, "See the men who used to keep saloons. Many of them are running restaurants and sweet shops now."

Five such men at least are doing business in Oklahoma City, and of these five, four said they recognized in their customers their former patrons of the bar. The other said he wasn't sure. Some of them look so different, he explained.

## SHIP DISABLED IN DENSE MIST AND IS ADRIFT

SAN FRANCISCO, July 22.—The steamer Admiral Farragut is disabled twelve miles north of San Francisco by an explosion of the main feed pipe, according to word received here early today. The Farragut is reported helpless and adrift in a dense fog. Twelve members of her engine room crew are reported severely scalded, one probably fatally.

## GERMAN DYE INDUSTRY PRESENTS NO DANGERS

LEVERKURSEN, Germany, July 20.—German dyestuff manufacturers' total production this year will not exceed 60,000 tons, which will make it impossible to "flood" the markets of England or America, or even compete successfully against American manufacturers, asserts Dr. Carl Duisberg, head of Germany's greatest dye manufacturing organization.

"We have recently increased our capital to 1,762,300,000 marks, which is 719,000,000 more than our previous capital, but this was the inevitable consequence of the tremendous depreciation of our currency and resultant increase in the prices of commodities," he said. "It has nothing to do with intended attacks on the world market, which it has been reported we were planning."

Labor difficulties, shortage of coal, the unsatisfactory traffic conditions; as far as the Rhineland is concerned, the obstacles, caused by the Rhine customs barrier; all prevent us, in any case, from increasing our output, and leave us in a far from satisfactory position. This position is made worse by the hind-

rances placed in our way in many foreign countries."

Dr. Duisberg characterized a reported demand in some American quarters for the closing of German dyeworks because "they might be used for the manufacture of explosives and poison gas in another war," as "utterly senseless, since Germany has been deprived of the means of employing poison gases for war purposes, even if she wanted to." He added that "no sane man in Germany thinks of fresh wars."

"It is difficult to understand American anxiety," he continued, "for the American industry is incomparably stronger than ours."

## Talked Like a Dutch Uncle

"My father is a physician and, naturally, I was opposed to all patent medicine. So when a friend told me to try May's Wonderful Remedy for my stomach trouble, I laughed at him. Some months later, after my father told me he had used all known remedies in my case, I met my friend again and he talked to me like a Dutch uncle and finally induced me to try it. All my symptoms have now disappeared." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Gwin & Mays Drug Co.

## IN SOCIETY

Mrs. John Ward of West Sixteenth street was called to Oklahoma City yesterday by the serious illness of her mother who lives there.

Mrs. M. A. Cassidy expects to leave today for Caddo, Okla., where her husband is conducting a religious meeting.

Mrs. J. T. Woods and Mrs. W. J. B. McNally have returned from a visit with relatives at Shedd, Tex., Marietta and Ardmore, Okla.

Mrs. Anna L. Ingram was operated on yesterday at the local hospital and is reported as doing nicely.

Mrs. Marvin Brown and daughter, Miss Wanda, left this afternoon for Turner Falls, where they will attend an annual meeting of the graduating class of the Davis High school of 1904. The class meets every year, sometimes at one place and sometimes at another. There were twenty-four members of the class and all are married. It is a custom too for each one to take the children, and now the meeting has grown to considerable proportions.

**Baber-Colley Marriage**  
Roy Baber and Miss Ruby Colley both of Pontotoc, Okla., were married this morning at 11:30 at the home of Mrs. Williams, 416 East Ninth street, Rev. C. C. Morris, pastor of the First Baptist church officiating. They will make their home in Pontotoc.

**Ressie Dial Married.**  
An account of the marriage of Miss Ressie Dial, formerly of this city, to Jack S. Whitford of El Paso, Texas, which occurred there recently, has just been received here. Following is the clipping taken from the El Paso Times.

"Miss Ressie Dial and Jack S. Whitford were quietly married Friday evening, July 15, at 8 o'clock at the home of Mr. and Mrs. R. L. Eaton, 3726 Dyer street, with Rev. Watson Fairley officiating. The bride was dressed in orchid-colored organdy and carried an arm bouquet of Killarney roses. Mrs. Whitford has lived a year in El Paso, coming here from Ada, Okla., and her charming personality has won her a host of friends. Mr. Whitford has lived in El Paso eight months. Following the ceremony dinner was served for Mr. and Mrs. Whitford, Mr. and Mrs. Paul Broyles, Rev. Watson Fairley, Miss Willie Shannon, Mrs. Honeycutt, and Mr. Miner. The young couple will make their home in El Paso."

Mrs. Whitford is the daughter of Mr. and Mrs. S. M. Dial of 705 W. Thirteenth street, and has lived in Ada for the past five years. She nursed at the Faust hospital and has a host of friends here.

## Last Minute Telegraph

(By the Associated Press)  
PALACIOS, Tex., July 22.—Seven bodies of the eight delegates to the annual encampment of the Baptists Young People Union, who were drowned in Green's bayou Thursday, have been recovered.

LONDON, July 22.—The British government's proposal to Eamonn De Valera, the Irish republican leader, for peace in Ireland, probably will not be made public until a definite reply to the government's terms has been received from the Sinn Fein leaders in Dublin, it was stated in official circles here this afternoon.

SPRINGFIELD, July 22.—Lieutenant Gov. Sterling gave bond in the Sangamon county court that he will appear to answer the warrant charging him jointly with Governor Small and Vernon Curtis with mishandling state funds. The bond was given during a session devoted to Governor Small's argument that as state executive he was immune from arrest on warrant.

SAN FRANCISCO, July 22.—The Pacific Steamship Company's steamer Admiral Farragut, which was disabled last night off the coast ten miles north of here, passed into the harbor at 9 today in tow of the tug Sea Eagle. The twelve members of the crew who were injured in the explosion were removed.

SAN FRANCISCO, July 22.—With her wireless outfit out of commission and her exact location unknown to official ship observers here, the Pacific Steamship company's steamer Admiral Farragut with 75 passengers aboard, is adrift helpless off the coast north of San Francisco following an explosion in the main feed pipe, the marine division of the department of the Chamber of Commerce reported today.

## OFFICER DENIES RECEIVING CASH FROM BERGDOLL

(By the Associated Press)  
WASHINGTON, July 22.—Denial of the charge that he accepted five thousand dollars from Mrs. Emma Bergdoll to aid Grover C. Bergdoll, draft evader, to escape was made today by Major Bruce Campbell of the army before a house investigating committee. "Mrs. Bergdoll's charge is false in every part," Major Campbell said.

Asked about the deposit of \$450 with a New York brokerage firm about the time Mrs. Bergdoll swore she gave him the money, Major Campbell said: "I can tell the committee right now where I got the money, but I may want time to produce evidence corroborating what I have said."

## STEPS TAKEN TO KEEP JAPS FROM BEING EJECTED

(By the Associated Press)  
TURLOCK, Calif., July 22.—Japanese farm labor employees of the farms around Turlock need have no more fear, according to a statement by Turlock officials and business men today, of deportation similar to that of Wednesday. Business men of Turlock, through the chamber of commerce, went on record against forcible steps against the Japanese, and county officers predicted that serious grounds for trouble would grow if any more mob moves were made against the orient.

Formal complaint against J. L. Shea and Lyle Stagg, charged with having taken part in the deportation and kidnapping, has been lodged.

## Jack Johnson Meets. Gay Reception From Black Crowd in N. Y.

(By the Associated Press)  
NEW YORK, July 22.—Jack Johnson arrived in New York today and was welcomed in Harlem with much ado by several thousand negroes. Two brass bands blared forth as the pugilist stepped from a train from Chicago. A parade immediately started up Lenox avenue. Johnson was accompanied by Sam McVey and Joe Jeanette, pugilists. Johnson was seen from every direction. He wore a checkered suit of high visibility and his bald head glistened in the sunlight.

## PRESIDENT AND WIFE WILL TAKE OUTING

(By the Associated Press)  
WASHINGTON, July 22.—President and Mrs. Harding are considering an invitation to join a camping party composed of H. S. Firestone, Henry Ford and Thomas A. Edison over this week-end at some unannounced place not far from Washington.

The first plan for the trip provided that the president should leave late today by motor but it was decided later that they could not get away from here before tomorrow.

## INDIAN IS ARRESTED ON CHARGE OF DRUNK

Stanley Killcrease, an Indian, was lodged in the county jail this morning on a charge of being drunk. Killcrease, according to officers, entered the home of Mr. Hare, Sixth and Eard, late yesterday afternoon while Mr. Hare was in the lot milking. Screams from Mrs. Hare who became frightened at the Indian, drew the husband to the house and officers were called to make the arrest.

Want to buy a home? Turn to the want ads.

We make a specialty of silk shirts. Work done by hand. Ada Steam Laundry. 7-13-1 mo.

Dr. Warner, D. O., the eyesight specialist, will visit Ada every third week; office with Peoples Drug store, 219 East Main street. Have your eyes examined and proper glasses fitted. No extra charge for residence calls. Phone 662 for appointments and date of next visit. 6-22-1mo.

If you have a friend or relative visiting you, owe it to this friend and relative, as well as your other friends in town, to let your daily newspapers know about it. The News wants to give all the news, and the editors urge you to call 307 and tell about the happenings.

Mrs. Thelma White, of Ada, died at the hospital yesterday afternoon about 4:30. Mrs. White was 21 years old and the daughter of J. C. Sargent of this city. Funeral services were held this afternoon at 2:00 o'clock at the home on North Broadway. The body was buried in Rose-dale cemetery.

### No Coffee Pot Waste—

## If you use G. Washington's Coffee!

Each cup is made to order at the table. No coffee pot needed. Dissolves instantly. It is estimated that twenty-five per cent. of all bean coffee made is wasted. Each can of G. Washington's Coffee is equivalent to ten times its weight in roasted bean coffee.

### Measure the cost by the cup—not by the size of the can

Always delicious, healthful and economical. Recipe booklet free. Send 10c for special trial size.

MADE IN THE CUP AT THE TABLE

## Hundreds to Attend Farm Meet Saturday on Normal Grounds

If the weather is favorable tomorrow, a crowd of between 1000 and 2000 persons is expected at the Farmers' Union Rally at the Normal, it was estimated today. The meeting will include the Farmers' Unions of the county and the boys and girls of the county clubs.

Miss Anna Weaver Jones will take charge of the boys and girls and the small children as they arrive and will entertain them with games until the noon hour. At that time lunch will be served on tables in the shade of the campus trees. This will occupy the hour between one and two o'clock. Then the program will begin and probably will continue well into the afternoon.

The program of speeches had not been definitely arranged this morning according to J. B. Hill, county demonstrator.

## FIRST STORY RELATED OF BETTING ON SERIES

(By the Associated Press)  
CHICAGO, July 22.—The first story of the actual placing of bets during the 1919 world's series by the men charged with the alleged conspiracy for the White Sox players to throw the games, was told from the witness stand in the baseball trial today by John O. Sney, secretary of the Chicago National League club, who said he held certain stakes in some of the bets.

## Obituary

Mrs. A. M. Bailey left on an early train this morning for Oklahoma City, to accompany the remains of her mother, who died yesterday afternoon at six o'clock after a long illness, from Oklahoma City to Pauls Valley.

Funeral services will be held tomorrow. Burial will be in Paoli cemetery at Paoli, Okla. Mr. Bailey and children will leave in their car tomorrow for Pauls Valley.

## TEXAS HOUSE ACCEPTS GOVERNOR'S INVITATION

(By the Associated Press)  
AUSTIN, Texas, July 22.—The house of the Texas legislature today accepted the invitation of Governor Neff to send a representative to the executive offices for evidence of "graft and extravagance" which the governor says he has in his possession.

A resolution authorizing the chairman of the appropriation committee to call for the evidence was passed unanimously after considerable debate. The senate rejected a similar resolution yesterday.

Jack Ketchell, local manager for the American Oil and Refining company, is back in the city after attending a meeting of his board of directors at Oklahoma City Thursday.

## In The Oil Fields

The Producers and Refiners well, in the nw nw of section 6-3-6, southwest of the city, is reported having trouble with a cave-in today. Drilling had reached about 840 feet and water was running into the well yesterday. The hole is expected to be cleared and operations resumed today.

## SINN FEINERS CONTINUE TO ASK IMPOSSIBLE

(By the Associated Press)  
BELFAST, July 22.—What is perhaps a typical Ulster view of the Irish situation is given today by the Belfast News Letter.

"We are convinced," it said, "that until the government presents a definite, final decision that admits of no haggling, to the Sinn Fein leaders, they will continue to persist in demanding the impossible issued with threats as are already being indulged in, over the possibility of negotiations being broken off."

Peace Terms Considered.  
Belfast, July 22.—The Irish peace terms handed by Premier Lloyd George yesterday to Eamonn De Valera were considered by the Ulster cabinet today. No opinion of the terms was required by the British premier, it was stated, and none has been given.

# France To Extend Its Foreign Trade

one-fifth the general trade of France.

Before the war nine-tenths of French imports of food and raw materials came from foreign countries and only one-tenth from the French colonies. Yet all the food and raw products imported by France are products of her colonies. Tea and coffee are produced in Guadeloupe, New Caledonia and Indo-China; cacao in Guadeloupe and Martinique; cane sugar in Martinique and Reunion; ground nuts and palm oil in French West Africa; almonds, castor oil, crouthouche and wood in French West Africa and Indo-China; tanning barks in Madagascar; charcoal in Tonkin; salt and gold in French West Africa; iron in Indo-China; zinc in French West Africa and the Congo; copper in Indo-China and graphite in Madagascar. Algeria provides hides and skins (sheep and goat). It has been said of Coochin China that it is simply a vast rice plantation.

Nickel is produced in Guiana and New Caledonia, the latter colony being the largest producer of nickel in the world, with an output of 100,000 tons.

French West Africa, which comprises Senegal, Haut-Senegal-Niger, French Guinea, the Ivory Coast, Dahomey, the military territory of the Niger, and Mauritania, covers an enormous tract, approximately 1,840,000 square miles, and has a population of about 12,000,000. In 1917 the total commerce of French West Africa amounted to 384,744,471 francs, of which 180,303,806 were exports, principally arachide, cotton, jute, agave, sisal, cocoa, coffee, tobacco, rubber, palm oil, hides, wool and wax. There are about 8,000,000 head of cattle in French West Africa, while the mineral wealth includes gold, iron and tin. In 1918 1,825 ships entered French West African ports.

It has been estimated that the French colonies, not including Algeria and Tunis, are capable of exporting annually 2,000,000 tons of foodstuffs, 400,000 tons of fats (peanut and palm oil, etc.), 50,000 tons of rubber, cotton, hides, tanning bark, raffia, etc., and 1,000,000 tons of minerals. One million cubic meters of timber are cut annually in the French colonies.

Algeria possesses iron, zinc, lead, mercury, copper, antimony and oil. With a population of five and a half millions and an area of 222,000 square miles, Algerian exports totaled 1,334,000,000 francs in 1919, chiefly wines, fruits, tobacco, wheat, barley and wool. The imports amounted to 943,000,000 francs. Algeria, now one of the finest ports in the world, handled in 1919 exports valued at 475,158,000 francs. Tunis, with an area of 50,000 square miles and a population of about 2,000,000, exported grain, marble, minerals, crude metals, oils, chemicals, wines, fruits and seeds to a total value of 129,549,200 francs. The imports of Algeria and Tunis are chiefly clothing, linen, coal, sugar and coffee.

AN ALSATIAN COAL MINE - FRANCE'S RE-GAINED PROVINCES HAVE ADDED GREATLY TO HER MINERAL WEALTH

By FRANCIS H. SISON, Vice President Guaranty Trust Company of New York.

**T**HE vigorous efforts of France to regain her rightful place in the markets of the world have so far succeeded that in the first nine months of 1920 the adverse trade balance of France had decreased 36 per cent, as compared with the same period in 1919. Much of the credit for this must go to a number of organizations formed to promote foreign trade.

The most important of these organizations is the Association Nationale d'Expansion Economique, a national organization of French industries, which includes all the important manufacturers, trade associations, insurance, banking, shipping and railways. Its administrators and directors include the leading men of France.

It publishes a yearly Index of French Production (in French, English, Italian, Spanish and Portuguese), which not only gives a survey of all the industries of France, but contains comprehensive lists of its members in each industry and minute details of the lines of goods and other data.

France is the richest country in iron ore in Europe, and the United States is the only country in a position to challenge her for the leading position in the iron field. With

the restoration of Alsace-Lorraine, French output will be forty-five million tons of iron ore a year, of which seventeen million tons will be available for export.

The successful organization of the export trade has now been brought about by the Comptoir Siderurgique de France, which has absorbed the Comptoir de Poutrelles and the Comptoir d'Exportation des Produits Siderurgiques. The large forges of steel works, by means of a combination known as the Committee of Forges, are securing increasing interests in iron mines, water power, coke ovens and mechanical engineering shops.

The Syndical Chamber of the Agents for Export Trade is a recent combination of all the leading agents of foreign manufacturers. They are in constant touch with the Paris commission and export merchants for the sale of products intended to be exported. Then there is the National Committee of the Councilors for French Foreign Trade, the Chamber of Commerce for the Export Trade, the Society for Encouragement for the Export Trade and the Norman Committee of Encouragement for the Forma-

tion of French Agents Abroad, at Palais des Consuls, Rouen.

In the "comptoirs," or central selling organizations, such as the Comptoir for the Exportation of Metallurgical Products, which exports rails and their accessories, ties, girders and channels, all business is obtained by means of established agencies in various cities.

There are also axle and car spring comptoirs. There is an association of manufacturers of locomotives, which fixes the price on the various types, orders being apportioned among all the manufacturers in proportion to their output. That association has had a successful career for twelve years. There is also a railway materials syndicate.

The Office Nationale du Commerce Exterior is an official organization devoted exclusively to fostering French foreign trade. The Office Nationale was formerly supported by a subvention of the Paris Chamber of Commerce, but has now become a public department, with funds provided by the Ministry of Commerce and by private trade organizations.

The French commercial attache

service at present covers the following countries: United Kingdom, Holland and Belgium, Germany and Austria-Hungary, Scandinavia, Russia, Spain and Portugal, Italy, Switzerland, the Balkans and the Levant.

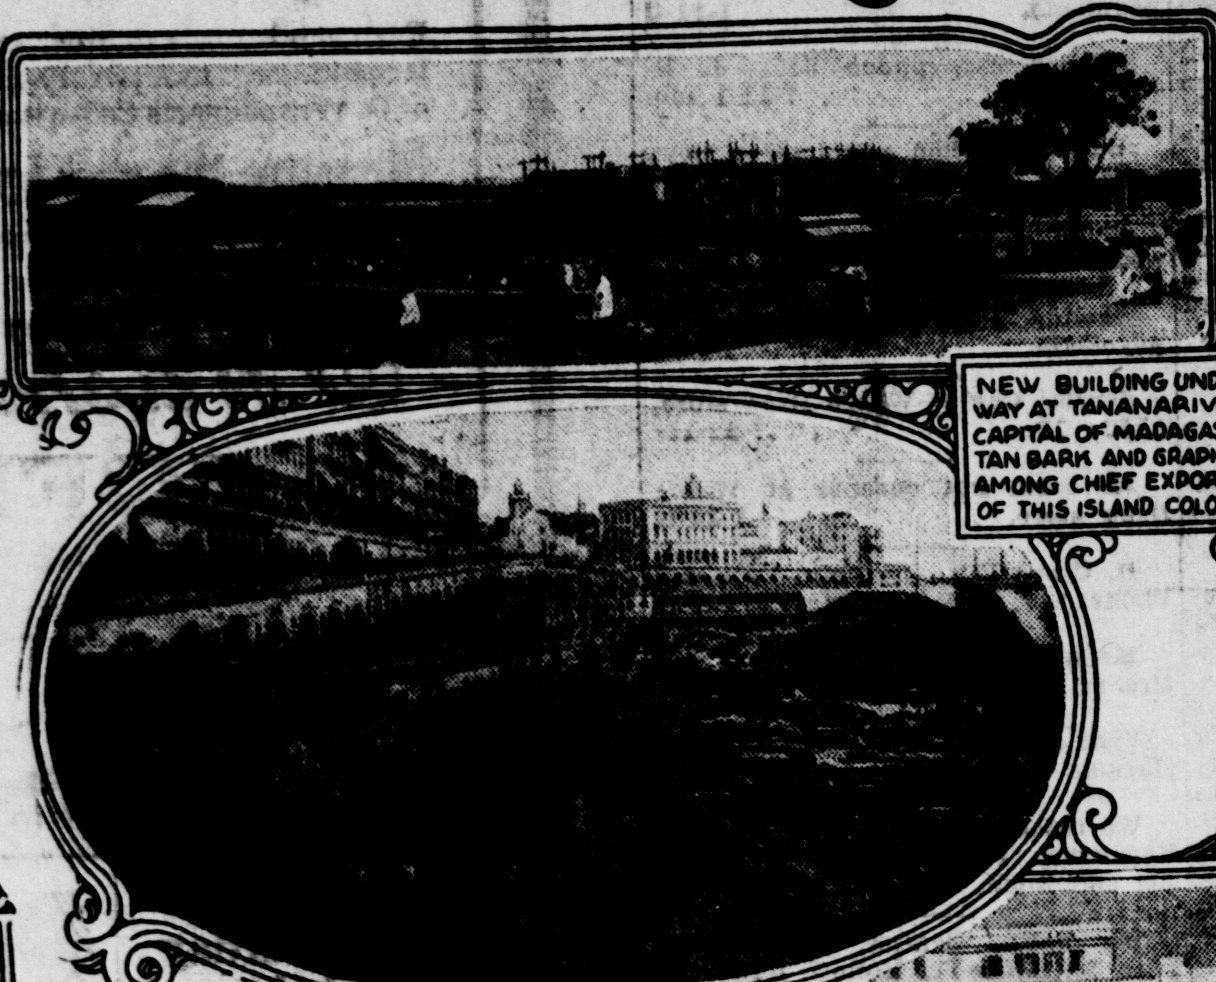

In addition to these commercial attaches and agents, there have been established a number of commercial bureaus.

There was recently formed in Paris an organization called the Societe Russe et Francaise pour le Commerce, l'Industrie et les Transports, with the object of reorganizing French commercial, industrial and banking enterprises in Russia

which have been affected by the war and internal disorder.

The Levant was formerly one of the best territories for French commerce. Before the war the commercial transactions amounted to more than 340,000,000 francs a year, and French financial interests in the Levant are considerable. The French Ministry of Commerce has recently established the Bureau of the Levant, with branch offices at Alexandria, Cairo, Beirut, Athens, Salonica, Constantinople, Smyrna and elsewhere in the Near East.

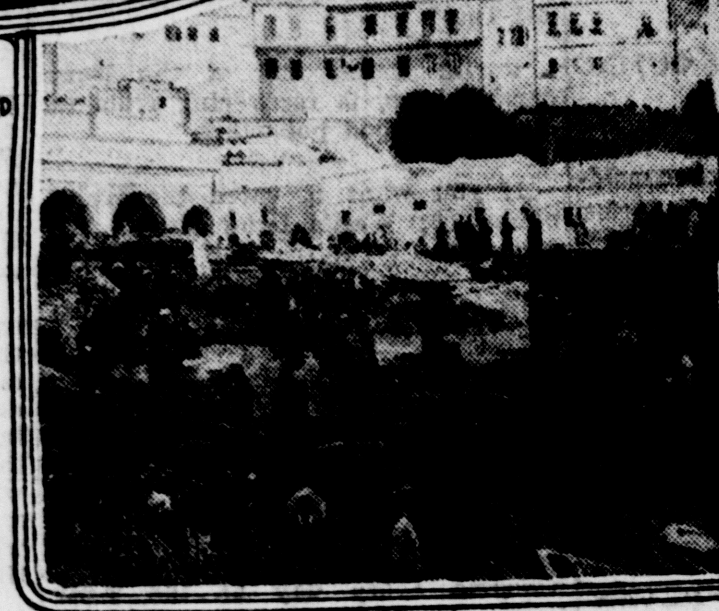

In spite of many handicaps, French foreign trade during 1919 made great strides. Among the

## TEACHING IS COMING INTO HIGHER PLANES

WASHINGTON, July 22.—(Capital News Service).—The teacher in the common and higher public schools, the colleges and the universities of the country is slowly but surely coming into his or her own, judging by expressions heard from the platform, in legislative halls, and emphasized in the public prints. The profession of the teacher has been styled the ministry of teaching. In the annual convention of the National Education Association, recently held in Des Moines, the mission of the instructor in the schools of the United States was discussed from almost every possible standpoint, and the need for making thorough the task of educating the present and the coming generations was stressed on all hands.

Dr. John J. Tigert, the new commissioner of education, has pointed out that first consideration probably should be given the rural schools, due to the fact that these constitute the greatest educational problem. Dr. Tigert seems to believe, as do those who, with him, spoke at Des Moines, that upon the teacher is cast the greatest responsibility for making of the young American the right kind of an American when he grows up, and that this vital task may not reasonably be expected from those not themselves qualified to teach.

Outside of the ranks of the teachers, organizations of fine character and extensive membership are taking upon themselves the duty of pushing educational campaigns.

It hot weather saps your energy and you can't work well, it is a sign that your system is full of bilious impurities. You will be sick if you do not do something. Take Prickly Ash Bitters, the remedy for men; it cleanses the blood, liver and bowels, restores strength, vim and cheerful spirits. Price \$1.25 per bottle. Gwin and Mays, special agents.

Supervisor to Move.  
(By the Associated Press.)

OKLAHOMA CITY, July 22.—Tom W. Smith, rural school supervisor for Oklahoma, until the abolishment of that post at the special session of the Oklahoma legislature this year, has announced his removal to Quapaw, Okla., from Oklahoma City. He will act as superintendent of schools there for the coming year, he says, at a considerable increase in salary.

## FORT SMITH NINE NOT TO PLAY HERE MONDAY

Manager J. C. Sparks of the Ada ball club announces that the Fort Smith club of the Western Association will not play here Monday as had been anticipated. Terms offered by Ada were not acceptable to the Arkansans, and the game could not be arranged.

The Ada team will meet Padon here Sunday in what promises to be a dandy contest, the game being called at 3:30. Sparks believes he has in store for the fans a real contest, and urges all sport lovers to attend.

Want to buy a home? Turn to the want ads.

## Notice To Property Owners and Sewer Contractors

(First published July 20th, 1921)  
Sealed bids will be received at the office of the City Clerk and Commissioner of Accounting and Finance of the City of Ada, Oklahoma, up to 2:00 p. m. on the 2nd day of August, 1921, for the construction of sanitary sewer lines in Sewer District No. 15 in the City of Ada, Oklahoma, bounded by the outside lines of the following described property:

**Barringer Heights**  
Lots 4 to 11 inclusive, Block 5; all of Blocks 6 and 7; Lots 4 to 11 inclusive; Block 8.

All of the above said lots, blocks and tracts of land being within the corporate limits of the City of Ada, Oklahoma, together with the necessary lines across streets, avenues and alleys, in said City of Ada, Oklahoma, as shown on the plans prepared for such sanitary sewer district, same being fully described and defined in Ordinance No. 464 creating Sewer District No. 15 passed by the Board of Commissioners on the 21st day of June, 1921, and approved by the Mayor and Commissioner of Public Justice and Safety, and attested by the City Clerk and Commissioner of Accounting and Finance, and in the plans, profiles and specifications prepared by Benham & Mullergren, Consulting Engineers, Kansas City, Mo., said plans being adopted by the Board of Commissioners and now on file in the office of the City Clerk and Commissioner of Accounting and Finance.

Bids must be made upon proposal sheets to be furnished by the City. Each bid must be accompanied by a certified check in amount of Two Hundred Dollars (\$200.00) as a guarantee of good faith on the part of the bidder. The check of the successful bidder to be forfeited to the City as admitted liquidated damages in case of failure on the part of the bidder to enter into contract and furnish the required bonds within ten (10) days after the acceptance of his proposal. Certified check shall be made to the order of the City Clerk of the City of Ada, Oklahoma, and shall have no other endorsement or condition thereon. The successful bidder on each district will be required to furnish a Statutory Lien Bond in the full amount of his contract with sureties to be approved by the Board of Commissioners, said bond to guarantee that Contractor will pay all accounts for material, machinery rental and labor that may become due on account of his operations under the contract. Said bond after being approved by the Board of Commissioners shall be filed by the City Clerk and Commissioner of Accounting and Finance in office of the Court Clerk of Pontotoc County. The successful bidder will be required to furnish on each district a surety construction bond in approximately the full amount of his contract conditioned on the full and faithful performance by him of all covenants and agreements by him made in his contract and on the fulfillment by him of all terms and conditions of plans and specifications.

The successful bidder will be required to furnish a surety bond in amount of Four Hundred Dollars (\$400.00), conditioned on maintenance by him in good repair of all work done under this contract. Said bond shall be in force and effect for a period of six (6) months from the date of acceptance of the work and may if desired be included as a part of the construction bond.

All bids on the district will be opened and considered by the Board of Commissioners at their regular meeting at 2:00 o'clock, P. M. on the 2nd day of August, 1921, and contracts awarded to the lowest and best bidder as soon thereafter as required by the City Charter, the Board of Commissioners reserving the right to reject any and all bids and to readvertise for bids in case none of the bids received are satisfactory.

Each bidder shall accompany his bid with a sworn statement, in writing, that the bidder has not directly or indirectly entered into any agreement, expressed or implied, with any other bidder or bidders having for its object the control of the price and amount of such bids or limiting the number of bidders. No bidder shall divulge said sealed bids to any person whatsoever except those having a partnership or other financial interests with him in said bid, until after the said bids are opened.

## THREE BODIES FOUND IN WATERS OF BAYOU

(By the Associated Press)  
PALASCIAS, Tex., July 22.—Three bodies of the eight persons drowned Thursday at the mouth of Green's bayou, 22 miles from here, have been recovered and the bayou is being dragged in the hope of recovering the other bodies. All of the drowned persons were delegates to the annual convention of the Baptist Young People Union.

The party of 31 delegates left the camp grounds for a sail on the bay yesterday afternoon and after reaching the mouth of the bayou a number of them went in swimming. A bad undertow is held responsible for the drowning of the eight persons.

J. W. Smathers, assistant divisional superintendent for the Southern Pacific lines in California, with his wife and young son, arrived here yesterday to spend their vacation visiting relatives. Mr. Smathers has three brothers here and his wife has two sisters. They probably will spend a month in this state before returning to California. Their home is in Sacramento, Cal., but they have a summer home on the Sacramento river at Tehama, where they have been since April. Mr. Smathers began his railroad career several years ago in Oklahoma, his last position in this state being that of cashier for the Frisco at Madril. He went to Chicago from here and later to California where he went to work for the Southern Pacific.

W. B. JONES, City Clerk and Commissioner of Accounting and Finance. 7-20-51d — 2tw

Paving Resolution No. 6-4 (Published July 19, 20, 21, 22, 23, and 25, 1921.)

A Resolution adopting specifications and estimates of quantities and cost for the paving and otherwise improving of street improvement District No. 6 same being South Townsend avenue from the south line of Twelfth street to the north line of Twentieth street, including all street intersections and alley crossings on the above described avenue in the city of Ada, Pontotoc County, Oklahoma.

Be it resolved by the board of commissioners of the city of Ada, Pontotoc County, Oklahoma:

FIRST: That acting under the instructions of the Board of Commissioners the Engineer has made the necessary surveys and has prepared complete and accurate specifications and estimates of quantities and cost of the improvements hereinafter described, which specifications show the widths of the paving and the returns of street intersections, and which specifications and estimates are hereby approved and ordered filed with the City Clerk of the City of Ada, Oklahoma.

SECOND: That it is necessary to permanently improve the avenue in the City of Ada, Pontotoc County, Oklahoma, as set out in the caption of this resolution, which is hereby designated Street Improvement District No. 6 of the City of Ada, Pontotoc County, Oklahoma, by paving, grading, curbing, draining and otherwise improving the same, with plain concrete, in accordance with such approved plans, specifications and estimates of cost thereof as filed with the City Clerk of said City.

THIRD: That if the owners of more than one-half (1-2) in area of the lots and tracts of land liable for assessment to pay for such improvements, which assessments shall include the cost of improving the street intersections and alley crossings, shall not within fifteen (15) days after the last publication of this resolution file with the City Clerk of the said City of Ada, Oklahoma, their protest in writing against such improvements, which protest shall be made against each street or avenue separately then the Board of Commissioners shall cause such improvement to be made and contracted for and shall levy assessments for the paving thereof against such lots and tracts of land liable for assessment to pay for such improvement to be made and contracted for and shall levy assessments for the paving to pay for such improvements, as provided for in Sections 608 to 646, Article XII, Chapter 10, of the Revised Laws of Oklahoma, 1910, and amendments thereto.

FOURTH: That this resolution shall be published in six consecutive issues of the Ada Evening News, a daily newspaper published and of general circulation in said city.

FIFTH: That all resolutions or parts of resolutions in conflict herewith are hereby repealed.

Passed and approved this 19th day of July, 1921.

CITY OF ADA, OKLAHOMA.  
By Gary Kibbens, Mayor and Commissioner of Public Justice and Safety.

Attest: W. B. Jones, City Clerk and Commissioner of Accounting and Finance. 7-19-61d

## THREE BODIES FOUND IN WATERS OF BAYOU

(By the Associated Press)  
PALASCIAS, Tex., July 22.—Three bodies of the eight persons drowned Thursday at the mouth of Green's bayou, 22 miles from here, have been recovered and the bayou is being dragged in the hope of recovering the other bodies. All of the drowned persons were delegates to the annual convention of the Baptist Young People Union.

The party of 31 delegates left the camp grounds for a sail on the bay yesterday afternoon and after reaching the mouth of the bayou a number of them went in swimming. A bad undertow is held responsible for the drowning of the eight persons.

J. W. Smathers, assistant divisional superintendent for the Southern Pacific lines in California, with his wife and young son, arrived here yesterday to spend their vacation visiting relatives. Mr. Smathers has three brothers here and his wife has two sisters. They probably will spend a month in this state before returning to California. Their home is in Sacramento, Cal., but they have a summer home on the Sacramento river at Tehama, where they have been since April. Mr. Smathers began his railroad career several years ago in Oklahoma, his last position in this state being that of cashier for the Frisco at Madril. He went to Chicago from here and later to California where he went to work for the Southern Pacific.

## FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from any drugist and apply a little of it at night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee or money back if it fails to remove freckles. (1)

If you can't work well in hot weather take Prickly Ash Bitters. It purifies the stomach, liver and bowels and fortifies the body to resist the depressing influence of summer heat. It is fine for working men. Price \$1.25 per bottle. Gwin and Mays, special agents.

AGENTS TO SPEND \$25,000 WARRING FEDERAL ORDERS

(By the Associated Press)  
OKLAHOMA CITY, July 22.—Letters received recently by a majority of grain elevators in Oklahoma, from W. C. Culbertson, Campaign, Ill., secretary of the Illinois grain dealers association, explain how agents of the organized grain trades are preparing to spend the \$25,000 "war chest" recently pledged at Cincinnati, Ohio.

Mr. Culbertson states that a quarter of a million dollars is the minimum to be used to "actively combat the activities of the U. S. Grain Growers, Inc., and county agents."

In his letter, which grain dealers state is a practical declaration of war against the U. S. Grain Growers, the following paragraph is explanatory:

"List all farmers at his station or stations. Make it up from your list of customers, or from the local telephone directory. It is proposed to send this list to the publicity agent of the Chicago board of trade, so that every farmer may receive some very important literature."

The U. S. Grain Growers have characterized the "war" declaration as another attempt to keep the control of the grain industry in the hands of the board of trade.

If your appetite is poor and your stomach and bowels are out of order the remedy you need is Prickly Ash Bitters. It cleanses the system of bilious impurities, sharpens the appetite and makes a man feel fine. Price \$1.25 per bottle. Gwin and Mays Drug Co., special agents.

Why keep that automobile day after day expecting a buyer to come along? For one day interest on your investment, you can buy a "for sale" ad in the News and turn the car at once.
